

Scott Felder Homes

Builder's Story

Scott Felder Homes has grown into one of Central Texas' premier builders.

As a Texas company, with over 75 years of combined management team experience, we have earned a reputation for integrity, diversity and attention to detail which have long been our cornerstones for success. Our reliability and leadership in the production of quality housing are recognized and respected by clients, realtors and building professionals throughout Texas.

We are a locally owned company, financed by Texas based lending institutions. This, coupled with the Central Texas residential real estate market, has allowed us to prosper through diverse economic cycles. Over the past 30 years, Scott Felder Homes rose through the ranks to become one of the largest producers of quality, move-up homes in Austin. We are now bringing that success into the San Antonio market.

As a market innovator, Scott Felder Homes has made it our mission to understand the needs and desires of today's home buyer. We go above and beyond to create an exceptional home buying experience that fulfills our clients' needs by offering the newest floorplans, features and elevations.

Innovative designs, custom features, desirable locations, high quality construction and energy efficiency earmark the standards for which Scott Felder Homes is best known. We choose to build homes in the best neighborhoods with outstanding amenities and great school districts – many of which offer on-site elementary schools – to better protect your homes' value for years to come.

Down to the smallest detail, we specialize in tailoring our services and products to our clients' desires, sense of style and standard of living. We are delighted to present Scott Felder Homes to you and look forward to building a lasting relationship.

Scott Felder Homes...Carefully crafted for you.
